

Clubs at Airaa

Along with academics CCA forms an integral part of the school curriculum. People with common interest form groups and participate in the activities and enhance their skills. We have 3 kinds of clubs mentioned below:

1. Nature and Environment- Prakruthi club
2. Heritage and Language - Sankruthi Club
3. Technology and AI- Avishkar Club

Prakruthi club

Club to create awareness and the present day needs to save the environment. This club deals with Science and Environment.

This club focus on some of the following activities:

- Planting and protection of nature activities
- Awareness programs
- Interaction and data analysis
- Awareness sessions

Sankruthi club

This Club focuses on Language and Culture. This club helps the students understand the importance of our heritage and how we need to take care of our culture. This club guides the children learning lessons beyond classroom and conducts:

- Cultural awareness activities
- Cultural programs

- Research and presentations about the rich heritage.

Language section focus on some of following skills in the children:

- Narration
- Oratory
- Debating
- Reading and inculcating the reading habits in the children

Avishkar club

This Club provides learners with opportunities to discuss various IT issues outside the classroom in order to create a greater appreciation for and understanding of technology. This club seeks to engage learners in the field of design and engineering through computer-aided design and hands-on modeling. Utilize technical programs, materials processing and redesign. Activities include bridge-building, hydrogen car design, computer aided design, video production and robotics.

Every learner will be a part of all the clubs but will take the responsibility of the group that he has chosen. This actually means they will BE A MEMBER OF ONE CLUB ONLY, BUT will be working in activities related to other clubs as well from the Club webinars which is held once in a month.
