

## Clubs at Airaa

Along with academics CCA forms an integral part of the school curriculum. People with common interest form groups and participate in the activities and enhance their skills. We have 3 kinds of clubs mentioned below:

1. Nature and Environment- Prakruthi club
2. Heritage and Language - Sankruthi Club
3. Technology and AI- Avishkar Club
4. Communication-Vagmita Club

### **Prakruthi club**

Club to create awareness and the present day needs to save the environment. This club deals with Science and Environment.

This club focus on some of the following activities:

- Planting and protection of nature activities
- Awareness programs
- Interaction and data analysis
- Awareness sessions

### **Sankruthi club**

This Club focuses on Language and Culture. This club helps the students understand the importance of our heritage and how we need to take care of our culture. This club guides the children learning lessons beyond classroom and conducts:

- Cultural awareness activities
- Cultural programs
- Research and presentations about the rich heritage.

Language section focus on some of following skills in the children:

- Narration
- Oratory
- Debating
- Reading and inculcating the reading habits in the children

### Avishkar club

This Club provides learners with opportunities to discuss various IT issues outside the classroom in order to create a greater appreciation for and understanding of technology. This club seeks to engage learners in the field of design and engineering through computer-aided design and hands-on modeling. Utilize technical programs, materials processing and redesign. Activities include bridge-building, hydrogen car design, computer aided design, video production and robotics.

Every learner will be a part of all the clubs but will take the responsibility of the group that he has chosen. This actually means they will BE A MEMBER OF ONE CLUB ONLY, BUT will be working in activities related to other clubs as well from the Club webinars which is held once in a month.

### Vagmita Club

The "Vagmita" Communication Club aims to enhance students' communication skills and foster a supportive and inclusive environment for self-expression. Through a variety of engaging activities, students will have the opportunity to develop their speaking, listening, and interpersonal skills while building confidence and teamwork. Below is a brief outline of activities that can be implemented in the club.

1. **Storytelling Circle:** In the Vagmita Club, children can gather in a cosy circle and take turns sharing stories. This activity promotes communication skills, listening skills, and creativity.
2. **Show and Tell:** This classic activity allows children to bring an object or picture from home and talk about it in front of their peers. It encourages public speaking, vocabulary expansion, and confidence-building.
3. **Role Play:** Children can engage in role-playing activities where they pretend to be different characters or act out familiar scenarios. This activity cultivates imagination, cooperation, and enhances language and communication abilities.
4. **Oral Presentations:** Learners can be given opportunities to prepare and deliver short presentations on topics they are interested in or have researched. This activity helps improve research skills, public speaking skills, and information sharing.
5. **Group Discussions:** The Vagmita Club can organize group discussions on various topics of interest. This activity encourages critical thinking, active listening, and respectful communication among children. It also helps develop their ability to express and articulate their thoughts and opinions.
